Re: Administrative Amendment No. 097-23103-00519 to SSOA  
Permit No. S097-18559-003519

Dear Mr. Griffin:

Maaco Auto Painting was issued a Source Specific Operating Agreement (SSOA) on February 10, 2004. On May 12, 2006, Maaco Auto Painting submitted a request to revise the SSOA to reflect their intent to comply with a different operating scenario under 326 IAC 2-9-11. This change does not affect rule applicability. The revised Source Specific Operating Agreement is attached.

The Source Specific Operating Agreement has been revised as follows.

- (a) Section A has been revised to reflect the newly selected operating scenario for Maaco Auto Painting:

Section A: Automobile Refinishing Operation: [326 IAC 2-9-11]

4. ~~The total amount of solvent containing material delivered to the automobile refinishing operation, less the amount of solvent containing material quantified by manifest as having been shipped offsite, shall not exceed two thousand (2,000) gallons per year.~~  
**The total amount of volatile organic compounds (VOC) delivered to the automobile refinishing operation, less the amount of volatile organic compounds (VOC) quantified by manifest as having been shipped offsite, shall not exceed one (1) ton per month.**

...

4. The source shall keep the following records from the automobile refinishing operation:
- (a) purchase or use records of solvent containing materials,
  - (b) ~~an annual summation on a calendar year basis of purchase or use records for all solvent containing materials, and~~ **records of the number of gallons of each solvent containing material used,**
  - (c) ~~the amount of waste solvent containing material manifested off-site.~~ **records of the VOC content (pounds per gallon) of each solvent containing material used,**
  - (d) **records of the amount of waste VOC manifested off-site, and**
  - (e) **a summation of the VOC emissions on a monthly basis.**

Re: First Administrative Amendment 097-23103-00519 to  
Source Specific Operation Status S 097-18551-00519

Dear Mr. Griffin:

Your application for a Source Specific Operating Agreement (SSOA) was received on August 1, 2003, and has been reviewed. An application to revise the compliance option selected under 326 IAC 2-9-11 was received on May 12, 2006. Based on the data submitted and the provisions in 326 IAC 2, it has been determined that your emission source, an automobile refinishing operation, located at 3115 Lafayette Road, Indianapolis, IN 46222, still meets the criteria required to obtain a Source Specific Operating Agreement.

Pursuant to IC 4-21.5-3-5(a) and (b), approval of this Source Specific Operating Agreement shall not be effective until fifteen (15) days from the date of this letter.

The facilities and processes of this source are hereby granted the Source Specific Operating Agreement provided that the following requirements of 326 IAC 2-9 are satisfied:

**Section A: Automobile Refinishing Operation: [326 IAC 2-9-11]**

1. The total amount of volatile organic compounds (VOC) delivered to the automobile refinishing operation, less the amount of volatile organic compounds (VOC) quantified by manifest as having been shipped offsite, shall not exceed one (1) ton per month.
2. The usage of condition 1 of this operating agreement shall be determined based on either:
  - (a) actual use records, or
  - (b) purchase records.
3. Particulate matter emissions shall be controlled by a dry filter system or an equivalent control device. The source shall operate the particulate control device at all times the automobile refinishing operation is in operation in accordance with the manufacturer's specifications. A source shall be considered in compliance with this requirement provided the overspray is not visibly detectable at the exhaust or accumulated on the rooftops or on the ground.
4. The source shall keep the following records from the automobile refinishing operation:
  - (a) purchase or use records of solvent containing materials,
  - (b) records of the number of gallons of each solvent containing material used,
  - (c) records of the VOC content (pounds per gallon) of each solvent containing material used,

- (d) records of the amount of waste VOC manifested off-site, and
- (e) a summation of the VOC emissions on a monthly basis.

These records shall be kept for a minimum period of five (5) years, and made available upon request of the Office of Air Quality (OAQ) and Indianapolis office of Environmental Services (OES).

**Section B: General Requirements: [326 IAC 2-9-1]**

1. The source shall provide an annual notice to the commissioner, stating that the source is in operation, and certifying that its operations are in compliance with the requirements of this Source Specific Operating Agreement. The above annual notice shall be submitted to:

**Compliance Data Section  
Office of Air Quality  
100 North Senate Avenue  
Indianapolis, IN 46204-2251**

**and**

**Office of Environmental Services  
Air Quality Management Section, Compliance Data Group  
2700 South Belmont Avenue  
Indianapolis, Indiana 46221-2097**

no later than January 30 of each year, with the annual notice being submitted in the format attached.

2. Any exceedance of any requirement contained in this operating agreement shall be reported, in writing, within one (1) week of its occurrence. Said report shall include information on the actions taken to correct the exceedance, including measures to reduce emissions, in order to comply with the established limits. If an exceedance is the result of a malfunction, then the provisions of 326 IAC 1-6 apply.
3. Pursuant to 326 IAC 2-9-1(i), the owner or operator is hereby notified that this operating agreement does not relieve the permittee of the responsibility to comply with the provisions of any applicable federal, state, or local rules, or any New Source Performance Standards (NSPS), 40 CFR Part 60, or National Emission Standards for Hazardous Air Pollutants (NESHAP), 40 CFR Part 61.

Any change or modification which will alter operations in such a way that it will no longer comply with the applicable restrictions and conditions of this operating agreement, must obtain the appropriate approval from the Office of Air Quality (OAQ) under 326 IAC 2-5.1, 326 IAC 2-5.5, 326 IAC 2-6.1, 326 IAC 2-2, 326 IAC 2-3, 326 IAC 2-7, and 326 IAC 2-8, before such change may occur.

## Notice of Decision: Approval - Effective Immediately

Please be advised that on behalf of the Commissioner of the Department of Environmental Management, I have issued a decision regarding the enclosed matter. Pursuant to IC 13-15-5-3, this permit is effective immediately, unless a petition for stay of effectiveness is filed and granted according to IC 13-15-6-3, and may be revoked or modified in accordance with the provisions of IC 13-15-7-1.

If you wish to challenge this decision, IC 4-21.5-3 and IC 13-15-6-1 require that you file a petition for administrative review. This petition may include a request for stay of effectiveness and must be submitted to the Office of Environmental Adjudication, 100 North Senate Avenue, Government Center North, Room 1049, Indianapolis, IN 46204, **within fifteen (15) calendar days of the receipt of this notice**. The filing of a petition for administrative review is complete on the earliest of the following dates that apply to the filing:

- (1) the date the document is delivered to the Office of Environmental Adjudication (OEA);
- (2) the date of the postmark on the envelope containing the document, if the document is mailed to OEA by U.S. mail; or
- (3) The date on which the document is deposited with a private carrier, as shown by receipt issued by the carrier, if the document is sent to the OEA by private carrier.

The petition must include facts demonstrating that you are either the applicant, a person aggrieved or adversely affected by the decision or otherwise entitled to review by law. Please identify the permit, decision, or other order for which you seek review by permit number, name of the applicant, location, date of this notice and all of the following:

- (1) the name and address of the person making the request;
- (2) the interest of the person making the request;
- (3) identification of any persons represented by the person making the request;
- (4) the reasons, with particularity, for the request;
- (5) the issues, with particularity, proposed for considerations at any hearing; and
- (6) identification of the terms and conditions which, in the judgment of the person making the request, would be appropriate in the case in question to satisfy the requirements of the law governing documents of the type issued by the Commissioner.

If you have technical questions regarding the enclosed documents, please contact the Indianapolis Office of Environmental Services, Air Permits at (317) 327-2234.
