Re: 097-23104-00229, Revocation
of FESOP, 097-13830-00229.

Dear Mr. Criggar:

The applications received on April 18, and February 1, 2006, have been reviewed. This correspondence requested that the Federally Enforceable State Operating Permit (FESOP) No. 097-13830-00229, issued to Community Hospital East located at 1500 North Ritter Avenue, Indianapolis, IN 46219, be revoked. The source has requested to transition from a FESOP, F097-13830-00229, to a Source Specific Operating Agreement (SSOA), S097-22746-00229, due to the removal of several external combustion units (boilers: B-1, B-2, B-3), resulting in a reduction of overall air emissions.

Pursuant to 326 IAC 2-1.1-9, any permit to construct or operate or any permit revision approval granted by the Commissioner may be revoked for any cause that establishes in the judgement of the commissioner the fact that continuance of the permit or permit revision approval is not consistent with the purposes of 326 IAC 2. Pursuant to 326 IAC 2-9-1 (general requirements), 2-9-13 and 2-9-14, the source has agreed and is being issued a SSOA for the external (boilers) and internal (emergency generators) combustion emission units. Furthermore, the source is no longer required to retain a FESOP.

Therefore FESOP No. 097-13830-00229, issued on June 22, 2001, is hereby revoked. Pursuant to IC 4-21.5-3-5(a) and (b), this revocation letter is effective in eighteen (18) days from the date of this letter.

If there are any questions about this revocation, please contact Carmen Bugay of my staff via e-mail: cbugay@indygov.org, or phone at (317) 327-2512.

Sincerely,
