Re: **141-23472-03122**
Revocation of Portable Source Relocation Letter
089-23082-03122

Dear Mr. Loudin:

Approval was granted to relocate the portable crushed stone processing plant, INDOT No. 3122, from 301 North Cline Avenue in Gary to 7318 West 15th Avenue, Gary, Indiana. A letter was received on August 7, 2006, notifying the Office of Air Quality that the relocation was no longer needed and that the crusher was being moved back to storage on company property at 860 South Beiger, Mishawaka, Indiana. Therefore, the relocation approval (089-23082-03122) issued on June 1, 2006, is hereby revoked.

If you have any questions concerning this site approval revocation, please contact Janet Mobley of my staff at 317-232-8369 or at 1-800-451-6027 extension 2-8369.

Sincerely,

Original Signed By:
