Warsaw, Indiana 45681

Re: 085-24120-00048
Permit Review Request

Dear Mr. Schroedl:

DePuy Orthopaedics was issued a Part 70 operating permit renewal No.: T085-15832-00048 on September 5, 2003 for a stationary orthopaedic appliances manufacturing source, located at 700 Orthopaedic Drive, Warsaw, Indiana 45681.

On December 22, 2006, IDEM, OAQ received a letter from DePuy Orthopaedics requesting clarification on whether the Permittee needs to continue reporting the material usage in the paint booth (identified as SB4) when the paint booth ceases operation. Paint booth SB4 will not be permanently removed from the source in the event it may be required for later use.

Condition D.1.1 of the Part 70 operating permit renewal limits the paint booth (identified as SB4) to less than fifteen (15) pounds per day of VOC, including including coatings, dilution solvents and cleaning solvents to render the provisions of 326 IAC 8-2-9 not applicable. Therefore, for this paint booth (identified as SB4) to remain onsite but not in operation, the Permittee must continue to record and report according to Conditions D.1.7 and D.1.8 of the existing Part 70 operating permit renewal to demonstrate compliance with Condition D.1.1.

There are no changes to the permit.

Pursuant to Contract No. A305-5-65, IDEM, OAQ has assigned the processing of this review request to Eastern Research Group, Inc., (ERG). Therefore, questions should be directed to Sanobar Durrani, ERG, 1600 Perimeter Park Drive, Morrisville, North Carolina 27560, or call (919) 468-7810 to speak directly to Ms. Durrani. Questions may also be directed to Duane Van Laningham at IDEM, OAQ, 100 North Senate Avenue, Indianapolis, Indiana, 46204-2251, or call (800) 451-6027 and ask for Duane Van Laningham or extension 3-6878, or dial (317) 233-6878.

Sincerely,
