Mr. Trevis Wilson
Maxwell Milling of Indiana, Inc.
4359 SR 1 N, PO Box 230
Hagerstown, IN 47346-0230

Re: Permit By Rule Status
177-24172-00062

Dear Mr. Wilson:

The application from Maxwell Milling of Indiana, Inc. was received on January 8, 2007. Based on the data and information submitted and the provisions of 326 IAC 2-10 (Permit by Rule), Maxwell Milling of Indiana, Inc. states that the stationary animal feed processing operation, located at 4359 State Road One North, Hagerstown, IN 47346-0230, satisfies the criteria to operate under the Permit by Rule provisions.

Pursuant to 326 IAC 2-11-4 (Grain Processing & Milling),

- (a) The Permittee shall comply with the following:
- (1) The Permittee shall operate and properly maintain air pollution control devices at the source.
 - (2) The Permittee shall follow generally accepted industry work practices to minimize emissions of regulated air pollutants.
 - (3) The Permittee shall not discharge air pollutants so as to create a public nuisance.
 - (4) The Permittee shall limit annual throughput to less than or equal to 11,200,000 bushels.
- (b) Not later than thirty (30) days after receipt of written request by the Indiana Department of Environmental Management (IDEM), Office of Air Quality (OAQ), or U.S. Environmental Protection Agency (EPA), the owner or operator shall demonstrate that the source is in compliance with the above-mentioned throughput limit. [326 IAC 2-11-1]
- (c) The Permittee may be subject to applicable requirements for a major source including 326 IAC 2-7, if:
- (1) at any time the permittee is not in compliance with the conditions provided in an applicable section of this rule; or
 - (2) the Permittee does not timely or adequately demonstrate compliance with the conditions in an applicable section of this rule.

This source is hereby notified that this Permit by Rule approval does not relieve the source of the responsibility to comply with the provisions of any applicable federal, state, or local requirements, such as New source Performance Standards (NSPS), 40 CFR Part 60, or National Standards for Hazardous Air Pollutants (NESHAP), 40 CFR Part 61. [326 IAC 2-11-1]

Any change or modification which will alter operations in such a way that the source will no longer comply with 326 IAC 2-11 (Permit by Rule for specific source categories) must obtain the appropriate approval from the OAQ under 326 IAC 2-1.1, 326 IAC 2-2, 326 IAC 2-3, 326 IAC 2-7, 326 IAC 2-8, or 326 IAC 2-9 before such change may occur. This source may at any time apply for a state operating permit under 326 IAC 2-6.1, a Part 70 permit under 326 IAC 2-7, a FESOP under 326 IAC 2-8, or an operating agreement under 326 IAC 2-9, as applicable.

Any violation of 326 IAC 2-10 (Permit by Rule) may result in administrative or judicial enforcement proceedings under IC 13-30-3.

Sincerely,

Original signed by

Nisha Sizemore, Chief
Permits Branch
Office of Air Quality
