Re: Revocation 097-25157-00579
Revocation of Exemption No. E097-22699-00579

Dear Mr. Garland:

The letter from Sterling Fluid Systems (USA), LLC – Peerless Pump, received on August 16, 2007, has been reviewed by the Indiana Department of Environmental Management Office of Air Quality (OAQ) and the City of Indianapolis Office of Environmental Services (OES). This letter requested that Sterling Fluid Systems (USA), LLC – Peerless Pump, be issued a Permit By Rule for a pump surface coating operation located at 2005 Dr. Martin Luther King Jr. Street, Indianapolis, Indiana 46202.

Sterling Fluid Systems (USA), LLC – Peerless Pump was issued an Exemption No. E097-22699-00579 on March 23, 2006. The emission units located at Sterling Fluid Systems (USA), LLC – Peerless Pump are now covered under Permit By Rule No. 097-25150-00579. Because the emission units are now included in the Permit By Rule, the Exemption for Sterling Fluid Systems (USA), LLC – Peerless Pump, E097-22699-00579, is no longer valid and must be revoked.

Pursuant to 326 IAC 2-1.1-9, any permit to construct or operate or any permit revision approval granted by the commissioner may be revoked for any cause that establishes in the judgment of the commissioner the fact that continuance of the permit or permit revision approval is not consistent with the purposes of 326 IAC 2. Because Sterling Fluid Systems (USA), LLC – Peerless Pump is now covered under Permit By Rule No. 097-25150-00579, the Exemption No. E097-22699-00579 is no longer the correct determination of the permitting level for this source. Therefore, Exemption No. E097-22699-00579, issued on March 23, 2006, is hereby revoked. Pursuant to IC 4-21.5-3-5(a) and (b), this Revocation letter is effective in eighteen (18) days from the date of this letter.

If there are any questions about this Revocation, please contact Jeffrey Hege of my staff at (317) 327-2234.

Sincerely,
