Re: 097-25896-00074
Revocation of Permit by Rule No. 097-15397-00074

Dear Mr. Brown:

Eli Lilly and Company (Park Fletcher) was issued a Permit by Rule No. 097-15397-00074 on January 25, 2002, for a penicillin manufacturing source, located at 2301 Executive Drive, Indianapolis, Indiana. On December 10, 2007, the Indiana Department of Environmental Management (IDEM), Office of Air Quality (OAQ) and the Indianapolis Office of Environmental Services (OES) received a letter from the source requesting that the Permit by Rule be revoked, since the site is no longer used for the manufacture of any products, all significant emission units have been removed from the source and all existing emitting units are exempt.

Pursuant to 326 IAC 2-1.1-9, any permit to construct or operate or any permit revision approval granted by the commissioner may be revoked for any cause that establishes in the judgment of the commissioner the fact that continuance of the permit or permit revision approval is not consistent with the purposes of 326 IAC 2. Since the source is no longer in operation, the Permit by Rule is no longer required.

The Permit by Rule No. 097-15397-00074 issued on January 25, 2002, is hereby revoked. Pursuant to IC 4-21.5-3-5(a) and (b), this revocation letter is effective in eighteen (18) days from the date of this letter.

If there are any questions about this Revocation, please contact Amanda Hennessy of my staff at (317) 327-2176 or call (317) 327-2234.

Sincerely,
