Dear Ms. Shafford:

Approval is hereby granted to operate the portable stone and metal slag processing plant, originally described in Minor Source Modification No.: MSM 089-18512-05250, issued on March 12, 2004. This source is to be located at U.S. Steel, 1 North Broadway, Gary, Indiana 46402. This plant was previously located at Levy Company at ISG Burns Harbor, U.S. Highway 12, Burns Harbor, Indiana.

Relocation of this plant must take place within 120 days after the issuance of this decision. The enclosed Notice of Decision explains your options to challenge this decision under IC 4-21.5-3-5(f). Pursuant to IC 4-21.5-3-5(f), this approval is not effective until eighteen (18) days from the date of this letter. This approval supersedes all previous site approval letters.

Advance written notice to the Office of Air Quality (OAQ), Air Compliance Section, of start-up is required in order for the OAQ to perform an inspection. If the plant is not operating in compliance with all applicable regulations upon inspection, the plant must cease operation upon notification to you by OAQ staff of such non-compliance. Operations may only resume once remedial actions have been taken and approved by the OAQ.

If you have any questions concerning this relocation site approval, please contact Gary Freeman of my staff at 317/233-5334 or at 1-800-451-6027 and ask for extension 3-5334.
