Notice of Decision – Approval

Please be advised that on behalf of the Commissioner of the Department of Environmental Management, I have issued a decision regarding the enclosed matter. Pursuant to 326 IAC 2, this approval was effective immediately upon submittal of the application.

If you wish to challenge this decision, IC 4-21.5-3-7 requires that you file a petition for administrative review. This petition may include a request for stay of effectiveness and must be submitted to the Office of Environmental Adjudication, 100 North Senate Avenue, Government Center North, Suite N 501E, Indianapolis, IN 46204, **within eighteen (18) calendar days from the mailing of this notice**. The filing of a petition for administrative review is complete on the earliest of the following dates that apply to the filing:

- (1) the date the document is delivered to the Office of Environmental Adjudication (OEA);
- (2) the date of the postmark on the envelope containing the document, if the document is mailed to OEA by U.S. mail; or
- (3) The date on which the document is deposited with a private carrier, as shown by receipt issued by the carrier, if the document is sent to the OEA by private carrier.

The petition must include facts demonstrating that you are either the applicant, a person aggrieved or adversely affected by the decision or otherwise entitled to review by law. Please identify the permit, decision, or other order for which you seek review by permit number, name of the applicant, location, date of this notice and all of the following:

- (1) the name and address of the person making the request;
- (2) the interest of the person making the request;
- (3) identification of any persons represented by the person making the request;
- (4) the reasons, with particularity, for the request;
- (5) the issues, with particularity, proposed for considerations at any hearing; and
- (6) identification of the terms and conditions which, in the judgment of the person making the request, would be appropriate in the case in question to satisfy the requirements of the law governing documents of the type issued by the Commissioner.

If you have technical questions regarding the enclosed documents, please contact the Office of Air Quality, Permits Branch at (317) 233-0178. Callers from within Indiana may call toll-free at 1-800-451-6027, ext. 3-0178.

Mr. Darrell Bayless February 27, 2008
Hoosier Energy Rural Electric Cooperative - Ratts Generating Station
P. O. Box 908
Bloomington, IN 47402

Re: Approval for an Experimental Trial
No. 125-26121-00001

Dear Mr. Bayless:

On February 13, 2008, Hoosier Energy Rural Electric Cooperative - Ratts Generating Station submitted a letter informing the Office of Air Quality (OAQ) of the intention to conduct an experimental trial operation on Unit 1, to be conducted by using a Mobotec sorbent injection system to reduce SO2 emissions and upgrading the existing electrostatic precipitator to control the resulting increase in PM emissions. The trial will be conducted while burning coal and limestone kiln dust, with a sulfur content capable of producing 2.5 pounds of SO2 per million BTU. Pursuant to a variance issued to Hoosier Energy - Frank E. Ratts Generating Station on February 21, 2008, Unit 1 has a variance from the opacity limit in 326 IAC 5-1-2 and the PM limit in 326 IAC 6-2-3 and this variance will be in effect during the time of the experimental trial testing.

Experimental Trial General Information

Unit: Unit 1 - temporary sorbent injection system (Mobotec) and upgraded electrostatic precipitator (ESP)
Location of the Operation: 6825 N. Blackburn Road, Petersburg, IN 47567
County: Pike
County Status: Attainment for all criteria pollutants
Purpose of the Experimental Trial: To evaluate SO2 and PM emissions and opacity using the Mobotec sorbent injection system and upgraded ESP while burning coal and limestone kiln dust, with a sulfur content producing 2.5 pounds of SO2 per MMBTU
Starting Date of the Operation: April 1, 2008 [326 IAC 2-1.1-3(h)(3)(F)]
Duration of the Operation: Less than 30 days of total operating time
Testing parameters: SO2 and PM emissions, opacity readings

Applicable Requirements

Pursuant to 326 IAC 2-1.1-3(h) (Exemption for Experimental Trial), the above mentioned experimental trial shall satisfy the following requirements:

- 1. The potential emissions from the operation are less than 25 tons per year for the duration of the operation. [326 IAC 2-1.1-3(h)(3)(A)]

2. The operation is not a major source or modification as defined under 326 IAC 2-2, or 326 IAC 2-7. [326 IAC 2-1.1-3(h)(3)(B)]
3. The purpose of the experimental trial is to:
 - (a) collect data for experimental purposes, including, but not limited to, process improvements, new product development, and pollution prevention; or [326 IAC 2-1.1-3(h)(3)(C)(i)]
 - (b) temporarily conduct an operation not considered as part of the normal operation or production of the facility or source. [326 IAC 2-1.1-3(h)(3)(C)(ii)]
4. The duration of the experimental trial is less than 30 days of total operating time. [326 IAC 2-1.1-3(h)(3)(D)]
5. The Permittee shall submit a report containing the following information, at most seven (7) days after the conclusion of the experimental trial: [326 IAC 2-1.1-3(h)(3)(G)]
 - (a) The actual dates of the construction and operation.
 - (b) The duration of the operation.
 - (c) The actual emissions occurring during the operation.
6. The report shall be submitted to:
Indiana Department of Environmental Management
Office of Air Quality, Permits Branch
100 North Senate Avenue
MC 61-53 IGCN 1003
Indianapolis, Indiana 46204-2251

Expiration Date

The approval for the Experimental Trial expires after 30 days of actual operating time of the Mobotec system on Unit 1 while burning coal and limestone kiln dust, producing 2.5 pounds of SO₂ per million BTU.

IDEM Contact

If you have any questions regarding this approval, please contact Josiah Balogun of my staff at the Indiana Department Environmental Management, Office of Air Quality, 100 North Senate Avenue, MC 61-53 IGCN 1003, Indianapolis, Indiana 46204-2251 or by telephone at (317) 234-5257 or toll free at 1-800-451-6027 extension 4-5257.
