Re: Registration Notice-Only Change
No. R039-26142-00269

Dear John:

Elkhart Truth Publishing Company was issued a Registration No. R039-11783-00269 on March 13, 2000 for a stationary printing line for daily newspapers located at 421 South Second Street Elkhart, IN, 46516. On February 20, 2008, the Office of Air Quality (OAQ) received an letter from the source requesting that the registration be updated to indicate that boilers B2 and B3 have been removed from the source. The source also requested approval to construct and operate two (2) natural gas fired furnaces with a total heat input rate of 0.94 MMBtu per hour. The addition of these units to the registration is considered a notice-only change, since the potential emissions of regulated criteria pollutants and hazardous air pollutants are less than the ranges specified in 326 IAC 2-5.5-6(d)(10) and 326 IAC 2-5.5-6(d)(12), respectively (PTE summary table attached). The uncontrolled/unlimited potential to emit of the entire source will continue to be within the threshold levels specified in 326 IAC 2-5.5-1(b)(1). No new state rules are applicable to this source. There are no New Source Performance Standards (NSPS) (326 IAC 12 and 40 CFR Part 60) or National Emission standards for Hazardous Air Pollutants (NESHAPs) (326 IAC 14, 20 and 40 CFR Part 61, 63) included in this notice-only change. This change to the registration is considered a notice-only change pursuant to 326 IAC 2-5.5-6(d)(2).

In addition, IDEM has begun implementing a new procedure and will no longer list the name or title of the Authorized Individual (AI) in registrations. Pursuant to 326 IAC 2-5.5-6, the registration is hereby revised as follows, with deleted language as ~~strikeouts~~ and new language **bolded**:

- (c) ~~Two (2) natural gas fired boilers identified as B2 and B3, both installed on March 1, 1973, each with a maximum heat input rate of 0.9 MMBtu per hour, exhausting inside the building;~~
- (fe) **Three (3) Five (5)** natural gas fired furnaces with a total heat input rate of ~~0.24~~ **1.15** MMBtu per hour.

The source shall continue to operate according to 326 IAC 2-5.5. Please find enclosed the revised registration.

This decision is subject to the Indiana Administrative Orders and Procedures Act - IC 4-21.5-3-5. If you have any questions on this matter, please contact Brandon Snoddy, at (800) 451-6027, press 0 and ask for Brandon Snoddy or extension 2-8217, or dial (317) 232-8217.
