Re: 097-26917-00123  
Revocation of Significant Source Modification No.: T 097-10550-00123

Dear Mr. Wehrenberg:

The letter from Covanta Indianapolis, Inc. (formerly known as Ogden Martin Systems of Indianapolis, Inc.), received on August 26, 2008, has been reviewed. This letter requested that Significant Source Modification No.:T 097-10550-00123, issued for the installation of infectious waste handling equipment and the burning of infectious waste along with municipal waste at the municipal waste combustor facility located 2320 South Harding Street, Indianapolis, Indiana, 46221, be revoked. The reason for this revocation request is that the infectious waste handling equipment and the burning of infectious waste along with municipal waste at the municipal waste combustor facility was never constructed and operated.

Pursuant to 326 IAC 2-1.1-9, any permit to construct or operate or any permit revision approval granted by the commissioner may be revoked for any cause that establishes in the judgement of the commissioner the fact that continuance of the permit or permit revision approval is not consistent with the purposes of 326 IAC 2. Since this infectious waste handling equipment and the burning of infectious waste along with municipal waste at the municipal waste combustor facility is no longer in operation, the Significant Source Modification related to this equipment is no longer required.

The Significant Source Modification No.:, T 097-10550-00123 issued on October 13, 1999, is hereby revoked. Pursuant to IC 4-21.5-3-5(a) and (b), this revocation letter is effective in eighteen (18) days from the date of this letter.

If you have any questions on this matter, please contact Kimberley Malley, OAQ, 100 North Senate Avenue, MC 61-53, Room 1003, Indianapolis, Indiana, 46204-2251, or call at (800) 451-6027, and ask for Kimberley Malley or extension (3-9664), or dial (317) 233-9664.
