Re: Response to Review Request No. 097-27644-00627:
Permit status evaluation
Plant ID: 097-00627

Dear Ann W. McIver:

Speedway Utilities Management, LLC was issued a Minor Source Operating Permit (MSOP) No. M097-25271-00627 on January 11, 2008 for construction and operation of a stationary steam generating plant, located at Gillman Street and Polco Street, Indianapolis, Indiana.

On March 18, 2009, the source notified OAQ that construction had not begun for the entire source and requested that the commencement of construction time period for these units be extended eighteen (18) months.

OAQ agrees to extend the 18 month commencement of construction time period for the emission units listed in the MSOP to January 12, 2011.

There have been no changes in rule applicability in the interim, and there are no pending permits that will consume PSD increment for the local area. Pursuant to 326 IAC 2-1.1-9 and 326 IAC 2-7-10.5(i), the Commissioner may revoke a construction approval, if construction is not commenced within 18 months of the original issuance date of that approval or if construction is suspended for a continuous period of one (1) year or more. OAQ will exercise the discretion not to revoke MSOP No. M097-25271-00627 issued on January 11, 2008.

No revision to the permit was necessary to accommodate the construction delay. All conditions of the permit shall remain unchanged and in effect. Please attach a copy of this letter to the front of the original permit. A copy of the permit is available on the Internet at: <http://www.in.gov/ai/appfiles/idem-caats/>. For additional information about air permits and how the public and interested parties can participate, refer to the IDEM's Guide for Citizen Participation and Permit Guide on the Internet at: www.idem.in.gov

This decision is subject to the Indiana Administrative Orders and Procedures Act - IC 4-21.5-3-5. If you have any questions on this matter, please contact Anne-Marie C. Hart, at (800) 451-6027, press 0 and ask for Anne-Marie C. Hart or extension 4-5174, or dial (317) 234-5174.
