This SSOA is issued to the above mentioned company under the provisions of 326 IAC 2-1.1, 326 IAC 2-9 and 40 CFR 52.780, with conditions listed on the attached pages.

Indiana statutes from IC 13 and rules from 326 IAC, quoted in conditions in this SSOA, are those applicable at the time the SSOA was issued. Source Specific Operating Agreement No. 151-10862-00066	
Original signed by Paul Dubenetzky, Chief Permits Branch Office of Air Quality	Issuance Date: August 11, 2003

First Administrative Amendment 151-17997-00066, issued August 11, 2003

Second Administrative Amendment No. 151-28171-00066	
Issued by:  Alfred C. Dumauval, Ph. D., Section Chief Permits Branch Office of Air Quality	Issuance Date: July 9, 2009

SECTION A

SOURCE SUMMARY

This SSOA is based on information requested by the Indiana Department of Environmental Management (IDEM), Office of Air Quality (OAQ). The information describing the source contained in conditions A.1 and A.2 is descriptive information and does not constitute enforceable conditions. However, the Permittee should be aware that a physical change or a change in the method of operation that may render this descriptive information obsolete or inaccurate may trigger requirements for the Permittee to obtain additional permits pursuant to 326 IAC 2.

A.1 General Information

The Permittee owns and operates a stationary sand and gravel operation. The previous permits were listed as a portable sand and gravel operation with a plant identification number of 05040. This stationary sand and gravel operation has a plant identification number of 00066.

Source Address:	260 CR 30 N, Angola, Indiana 46703
Mailing Address:	P.O. Box 130, Scottsburg, Indiana 46170
General Source Phone Number:	(260) 665-2626
SIC Code:	1442
County Location:	Steuben County
Source Location Status:	Attainment for all criteria pollutants
Source Status:	Source Specific Operating Agreement (SSOA) Not 1 of 28 Source Categories

A.2 Source Definition

This sand and gravel operation consists of a source with an on-site contractor:

- (a) Hanson Aggregates Midwest, Inc. - Angola Quarry is located at 260 CR 300 N, Angola, Indiana 46703; and
- (b) Aggregate Resources is located at 260 CR 300 N, Angola, Indiana 46703.

IDEM has determined that Hanson Aggregates Midwest, Inc. - Angola Quarry and Aggregate Resources are considered one "source" as defined at 326 IAC 1-2-73, because they meet all three of the following criteria:

- (1) the plants must be under common ownership or common control:

Aggregate Resources will function as an on-site contractor for Hanson Aggregates Midwest, Inc. - Angola Quarry and will be totally dependent on Hanson Aggregates Midwest, Inc. - Angola Quarry for raw material.
- (2) the plants must have the same two-digit Standard Industrial Classification (SIC) Code or one must serve as a support facility for the other;

Both plants have the same two-digit SIC Code 14, for the Major Group Mining and Quarrying of Nonmetallic Minerals; and
- (3) the plants must be located on contiguous or adjacent properties.

Both plants are located on the same property.

Therefore, the term "source" in this SSOA refers to both Hanson Aggregates Midwest, Inc. - Angola Quarry and Aggregate Resources as one source.

A.3 Source Summary

This stationary source consists of a Sand and Gravel Operation [326 IAC 2-9-7].

A.4 SSOA Applicability [326 IAC 2-9-1]
