Re: 129-28432-05110
First Administrative Amendment to
S129-6844-05110

Dear Brian Peters:

Mulzer Crushed Stone, Inc., was issued a Source Specific Operating Agreement (SSOA) No. S129-6844-05110 on October 23, 1996, for a stationary sand and gravel plant located at Griffin/New Harmony County Road, Griffin, Indiana 47616. On September 8, 2009, the Office of Air Quality (OAQ) received an application from the source to remove all references to local agencies from the SSOA. Since the source is located in Posey County, it has never been under the jurisdiction of a local agency. Therefore, there are no local agency references to remove from the SSOA. IDEM, OAQ has decided, however, to administratively amend the SSOA in order to provide clarification that this source is stationary, to include the most current rule requirements under 326 IAC 2-9-1 and 326 IAC 2-9-7, and to update the SSOA to its current standard format as follows:

1. Discussions with the source revealed that the source has never been a portable source, and will never be a portable source. Therefore, it will never be relocated outside of Posey County. As part of the original SSOA No. S129-6844-05110, issued October 23, 1996, this source was assigned a portable Source ID Number of 129-05110, but no references were ever made regarding the portability of the source and no portable source requirements were included in the SSOA. Therefore, the general source description of the plant in the SSOA will be changed to add the word "stationary". The Source ID Number of 129-05110 shall remain intact for administrative purposes only.
2. Upon further review, IDEM OAQ determined that the SSOA did not contain the most current rule requirements under 326 IAC 2-9. SSOA No. S129-6844-05110, which was issued on October 23, 1996, contained the requirements of 326 IAC 2-9-1 and 326 IAC 2-9-2 that were promulgated in the Indiana Register on May 1, 1996 (19 IR 1757 through 1762). The 326 IAC 2-9 rule requirements were amended in the Indiana Register on June 1, 1997 (20 IR 2301 through 2316), with 326 IAC 2-9-2 being repealed. Therefore, the SSOA has been amended to include the most current rule requirements under 326 IAC 2-9-1 and 326 IAC 2-9-7 that were readopted in the Indiana Register on December 1, 2004 (28 IR 790 through 815).
3. The SSOA has been administratively amended to a new standard format. As part of the new standard format, IDEM branches and sections have been renamed and the IDEM mailing address has been updated. The permit has been revised as follows, with the deleted language as ~~strikeouts~~ and new language **bolded**:
