Re: Response to Review Request No. 091-29652-00028  
Permit status evaluation

Dear Mr. White:

Silgan Containers Manufacturing Corporation was issued a Part 70 Operating Permit No. T091-27398-00028 on July 14, 2009, for a stationary metal can coating operation located at 300 N Fail Rd., LaPorte, IN 46350. On September 9, 2010, the Office of Air Quality (OAQ) received an application from the source seeking to install two new spray guns on existing spray painting operations SCOAT 11-15 and SCOAT 21-25. There is no increase in potential to emit from these guns because the limited throughput to the can coating operations will not change. Throughput to both can coating operations is limited by the capacity of the roll coating operations and not the spray coating operations. The additional spray guns will be used to apply the same amount of coating more uniformly.

No revision to the permit was necessary to accommodate the addition of two new guns to the existing coating operations. All conditions of the permit shall remain unchanged and in effect. Please attach a copy of this letter to the front of the original permit.

If you have any questions on this matter, please contact Jillian Bertram, of my staff, at 317-233-1782 or 1-800-451-6027, and ask for extension 3-1782.

Sincerely,

Tripurari P. Sinha, Ph. D., Section Chief  
Permits Branch  
Office of Air Quality
