Office of Air Quality

Notice of Decision: Approval - Effective Immediately

Please be advised that on behalf of the Commissioner of the Department of Environmental Management, I have issued a decision regarding the enclosed matter. Pursuant to IC 13-15-5-3, this permit is effective immediately, unless a petition for stay of effectiveness is filed and granted according to IC 13-15-6-3, and may be revoked or modified in accordance with the provisions of IC 13-15-7-1.

If you wish to challenge this decision, IC 4-21.5-3 and IC 13-15-6-1 require that you file a petition for administrative review. This petition may include a request for stay of effectiveness and must be submitted to the Office of Environmental Adjudication, 100 North Senate Avenue, Government Center North, Suite N 501E, Indianapolis, IN 46204, **within eighteen (18) calendar days of the mailing of this notice**. The filing of a petition for administrative review is complete on the earliest of the following dates that apply to the filing:

- (1) the date the document is delivered to the Office of Environmental Adjudication (OEA);
- (2) the date of the postmark on the envelope containing the document, if the document is mailed to OEA by U.S. mail; or
- (3) The date on which the document is deposited with a private carrier, as shown by receipt issued by the carrier, if the document is sent to the OEA by private carrier.

The petition must include facts demonstrating that you are either the applicant, a person aggrieved or adversely affected by the decision or otherwise entitled to review by law. Please identify the permit, decision, or other order for which you seek review by permit number, name of the applicant, location, date of this notice and all of the following:

- (1) the name and address of the person making the request;
- (2) the interest of the person making the request;
- (3) identification of any persons represented by the person making the request;
- (4) the reasons, with particularity, for the request;
- (5) the issues, with particularity, proposed for considerations at any hearing; and
- (6) identification of the terms and conditions which, in the judgment of the person making the request, would be appropriate in the case in question to satisfy the requirements of the law governing documents of the type issued by the Commissioner.

If you have technical questions regarding the enclosed documents, please contact the Office of Air Quality, Permits Branch at (317) 233-0178. Callers from within Indiana may call toll-free at 1-800-451-6027, ext. 3-0178.

Re: Interim Significant Source Modification Approval
157-29772I-00032

Dear Mr. von Stein:

On December 20, 2010, the Office of Air Quality (OAQ) received an interim significant source modification petition from Rea Magnet Wire Company located at 2800 Concord Road, Lafayette, IN 47909. Based on the data and information submitted in the petition and the provisions in 326 IAC 2-13-1, this interim significant source modification petition is hereby approved for the following:

One (1) MAG VZ line, identified as emission unit 341-352 (vents 251-262, 263-274, and 275-286), with twelve (12) ovens with internal thermal oxidizers, permitted in 2011, each with a maximum capacity of 103.7 units per hour, and maximum enamel usage of 7.92 lb/hr.

Public notice of the interim significant source modification petition was published on December 22, 2010. The public comment period ended on January 5, 2011. Since there are no comments received during the public comment period, pursuant to 326 IAC 2-13-1(i)(1), the interim significant source modification petition is in effect upon issuance, and expires on the effective date of the final significant source modification. The interim significant source modification petition may be revoked after this effective date upon a written finding by the Indiana Department of Environmental Management (IDEM) that any of the reasons for denial in 326 IAC 2-13-1(h) exist or if the final significant source modification is denied. The IDEM has reviewed this interim significant source modification petition and has not found any such reason. The facilities specified in the interim significant source modification petition may be constructed upon issuance of this interim approval. Operational approval is granted in accordance with 326 IAC 2-7-12.

The interim significant source modification petition is federally enforceable. Detailed construction and operation conditions will be specified in the final significant source modification permit no. 157-29772-00032 and minor permit modification no. 157-29867-00032.
