Re: Response to Review Request No.089-30225-05335  
Permit status evaluation  
Plant ID: 089-05335

Dear Mr. Bock:

Musket Corporation was issued a Registration No. R089-28203-05335 on August 19, 2009 for a portable diesel, biodiesel, and ethanol transloading facility located at Indiana Harbor Belt Railroad (IHBRR) at 2721 161st Street, Hammond, Indiana 46323. On February 15, 2011 the Office of Air Quality (OAQ) received a letter from the source requesting that the registration be revised to notify the agency that IHBRR is in the process of refurbishing their Gibson Rail yard and as a result the current location of the transloading site will move. The Indiana Harbor Belt (IHB) will be building a main line track at the current location and thus the Musket Corporation site will be temporarily moved approximately 675 feet to the north of the current location to facilitate building their new main line track. Then, a new track will be built (between the current location and the temporary location) approximately 50-100 feet south of the temporary location. No changes in products, product volumes, equipment or procedures will occur. No increase in fugitive dust or particulate matter or fugitive emissions will result from the temporary or permanent site relocation of the operation.

The OAQ has determined that the relocation will not require modification of the existing Registration, since the existing Registration contains all the federal and state requirements that are applicable to the relocation and Musket Corporation has indicated that it will continue to comply the limitations and requirements contained in Registration No. R089-28203-05335 issued on August 19, 2009.

All conditions of the permit shall remain unchanged and in effect. Please attach a copy of this letter to the front of the original permit. A copy of this decision is available on the Internet at: <http://www.in.gov/ai/appfiles/idem-caats/>. For additional information about air permits and how the public and interested parties can participate, refer to the IDEM's Guide for Citizen Participation and Permit Guide on the Internet at: [www.idem.in.gov](http://www.idem.in.gov)

This decision is subject to the Indiana Administrative Orders and Procedures Act - IC 4-21.5-3-5. If you have any questions on this matter, please contact Charles Sullivan, at (800) 451-6027, press 0 and ask for Charles Sullivan or extension 2-8422, or dial (317) 232-8422.
