Re: Review Request No. 169-30586-00010

Dear Mr. Huddleston:

Aleris Specification Alloys, Inc. was issued a Part 70 Operating Permit No. 169-6359-00010 for a stationary secondary aluminum production source utilizing scrap aluminum.

On May 27, 2011, the source notified OAQ of plans to replace the refractory lining for #14 furnace and to install a small blister well on the back side of the furnace to replace one of the tap blocks.

No revision to the permit is necessary to accommodate these changes. All conditions of the permit shall remain unchanged and in effect. Please attach a copy of this letter to the front of the original permit. A copy of the permit is available on the Internet at: <http://www.in.gov/ai/appfiles/idem-caats/>. For additional information about air permits and how the public and interested parties can participate, refer to the IDEM's Guide for Citizen Participation and Permit Guide on the Internet at: www.idem.in.gov

This decision is subject to the Indiana Administrative Orders and Procedures Act - IC 4-21.5-3-5. If you have any questions on this matter, please contact Heath Hartley, at (800) 451-6027, press 0 and ask for Heath Hartley or extension 2-8217, or dial (317) 232-8217.

Sincerely,
