Re: Response to Review Request No. 007-30773-00010:
Permit status evaluation
Plant ID: 007-00010

Dear Dennis Stepp:

On November 14, 2007, Bluegrass Multiwall Bag Company, LLC began operating under Permit By Rule No. 007-25450-00010 for a stationary coated paper bag manufacturing operation, located at 407 South Adeway Road, Fowler, Indiana 47944. On August 8, 2011, Bluegrass Multiwall Bag Company, LLC submitted a notification to the Office of Air Quality (OAQ) indicating that three (3) flexographic tail printers and associated tuber/bagger machines (TP48, TP49, TP52), one (1) bagger machine (BAG40), one wire-tie machine (W/T72), and one (1) slider machine (S2) have been removed from the source. In addition, the notification indicated that one (1) slider machine (S1), one tuber machine (P1), one (1) slitter rewind (SR1), and four (4) sewing machines (REWORK1, SEW1, SEW2, and SEW3) have been added to the source. Finally, the Bluegrass Multiwall Bag Company, LLC indicated that it would continue to operate under the provisions of 326 IAC 2-10 (Permit by Rule) as specified in Permit By Rule No. 007-25450-00010.

The OAQ has determined that equipment removed and the equipment added to the source (as specified above) does not require modification of the existing Permit By Rule No. 007-25450-00010. The source will continue to operate subject to the conditions contained in the existing Permit By Rule No. 007-25450-00010.

A copy of this review request letter and the existing permit is available on the Internet at: <http://www.in.gov/ai/appfiles/idem-caats/>. For additional information about air permits and how the public and interested parties can participate, refer to the IDEM's Guide for Citizen Participation and Permit Guide on the Internet at: www.idem.in.gov
