Re: Review Request No. 085-31836-00003

Dear Mr. Michael Schall:

Dalton Corporation - Warsaw Manufacturing Facility submitted a review request on May 7, 2012. Dalton Corporation - Warsaw Manufacturing Facility plans to change the configuration of the blow plate and the hopper feeding through the blow plate on phenolic urethane core machine (Core Machine #17). This will change the mounting method of the blow plate to the hopper. The current configuration presents a safety concern.

There will be no throughput increase as a result of this change and therefore no increase to emissions. No changes will be made to the permit.

If you have any questions on this matter, please contact Heath Hartley, OAQ, 100 North Senate Avenue, MC 61-53, Room 1003, Indianapolis, Indiana, 46204-2251, or call at (800) 451-6027, and ask for Heath Hartley or extension (2-8217), or dial (317) 232-8217.

Sincerely,

Tripurari P. Sinha, Ph. D., Section Chief
