Re: Interim Significant Permit Revision Petition Approval
071-333351-00047

Dear Mr. Carter:

On August 5, 2013, the Office of Air Quality (OAQ) received an interim Significant Permit Revision petition from Aisin Chemical Indiana, LLC, located at 1004 Industrial Way, in Crothersville, Indiana for construction of one (1) twenty eight hundred (2800) cubic feet silo for Q200 Hubercarb (calcium carbonate) to be controlled with a bin vent baghouse and one (1) 11,000 gallon tank to store propylene glycol.

A public notice of the interim Significant Permit Revision petition was published in Tribune on August 20, 2013. The public comment period ended on September 3, 2013.

The current permit action is being processed as a FESOP New Source Review due to increase emissions from the two mixers.

Since there are no comments received during the public comment period, pursuant to 326 IAC 2-13-1(i), the interim Significant Permit Revision petition is in effect upon issuance and will expire on the effective date of the final Significant Permit Revision permit.

Pursuant to 326 IAC 2-13-1(i), the interim Significant Permit Revision petition is in effect upon issuance and will expire on the effective date of the final Significant Permit Revision permit.

The interim Significant Permit Revision petition may be revoked after its effective date upon a written finding by the Indiana Department of Environmental Management (IDEM) that any of the reasons for denial in 326 IAC 2-13-1(h) exist or if the final Significant Permit Revision permit is denied. The IDEM has reviewed this interim Significant Permit Revision petition and has not found any such reason. The facilities specified in the interim Significant Permit Revision petition may not operate until the final Significant Permit Revision permit is issued by OAQ.

The interim Significant Permit Revision petition is federally enforceable. Detailed construction and operation conditions will be specified in the final FESOP New Source Review permit 071-333351-00047.

If you have any questions regarding this interim Significant Permit Revision petition, please contact (permit reviewer), OAQ, 100 North Senate Avenue, MC 61-53, Room 1003, Indianapolis, Indiana, 46204-2251, or call at (800) 451-6027, and ask for Deena Patton or extension 4-5400, or dial 317-234-5400.
