Re: 133-33408-00009
First Administrative Amendment to
S133-7267-00009

Dear Mr. Smith:

Hanson Aggregates Midwest, Inc. was issued a Source Specific Operating Agreement (SSOA) No. S133-7267-00009 on December 13, 1996 for a stationary crushed stone operation located at Veterans Highway East Tennessee Street, Greencastle, Indiana. On July 9, 2013, the Office of Air Quality (OAQ) received a letter from the source requesting that the SSOA be updated to indicate a company name change from The Kentucky Stone Company to Hanson Aggregates Midwest, Inc. Pursuant to the provisions of 326 IAC 2-9, the SSOA is hereby revised as follows with the deleted language as ~~strikeouts~~ and new language **bolded**.

1. The company name has been revised throughout the SSOA as follows:

Company Name: ~~The Kentucky Stone Company~~
Hanson Aggregates Midwest, Inc.

Pursuant to 326 IAC 2-7-1(39), starting July 1, 2011, greenhouse gas (GHG) emissions are subject to regulation at a source with a potential to emit (PTE) 100,000 tons per year or more of CO₂ equivalent (CO₂e) emissions. This source has minimal CO₂e emissions. The unlimited PTE of GHG from the stone crushing operation is less than 100,000 tons of CO₂e per year. This does not require any changes to the operating agreement.

IDEM, OAQ made additional revisions to the SSOA as described below. The SSOA has been revised as follows with deleted language as ~~strikeouts~~ and new language **bolded**:

1. The SSOA has been updated from the letter style format to the permit style format, as is now standard IDEM procedure. As part of the new standard format, IDEM branches and sections have been renamed and the IDEM mailing address has been updated. In addition, IDEM has begun implementing a new procedure and will no longer list the name or title of the Authorized Individual (AI) in SSOAs.
2. The SSOA has been updated from the letter style format to the permit style format, as is now standard IDEM procedure. As part of the new standard format, IDEM branches and sections have been renamed and the IDEM mailing address has been updated. The operating agreement has been revised as follows, with the deleted language as ~~strikeouts~~ and new language **bolded**:

~~Compliance Data Section~~
~~Office of Air Management~~

3. Upon further review, IDEM OAQ determined that the SSOA did not contain the most current rule requirements under 326 IAC 2-9. SSOA No. S133-7267-00009, which was issued on December 13, 1996, contained the requirements of 326 IAC 2-9-1 and 326 IAC 2-9-2 that were promulgated in the Indiana Register on May 1, 1996 (19 IR 1757 through 1762). The 326 IAC 2-9 rule requirements were amended in the Indiana Register on June 1, 1997 (20 IR 2301 through 2316), with 326 IAC 2-9-2 being repealed. Therefore, the SSOA has been amended to include the most current rule requirements under 326 IAC 2-9-1 and 326 IAC 2-9-8 that were readopted in the Indiana Register on December 1, 2004 (28 IR 790 through 815).

All other conditions of the operating agreement shall remain unchanged and in effect. Attached please find the entire revised SSOA. A copy of the SSOA is available on the Internet at: <http://www.in.gov/ai/appfiles/idem-caats/>. For additional information about air permits and how the public and interested parties can participate, refer to the IDEM's Guide for Citizen Participation and Permit Guide on the Internet at: www.idem.in.gov

This decision is subject to the Indiana Administrative Orders and Procedures Act - IC 4-21.5-3-5. If you have any questions on this matter, please contact Donald McQuigg of my staff at 317-234-4240 or 1-800-451-6027, and ask for extension 4-4240.
