Re: Review Request
037-8009-00062

Dear Ms. Jamieson:

On November 18, 1999, Unimim Canada Ltd, informed the Office of Air Management (OAM) of acquiring the United Clays, Inc. mineral processing plant, located at 1405 Industrial Park, Huntingburg, Indiana 47542. At the same time, inquiries were made how to renew the permit 037-2683-00062, issued on March 12, 1993.

For your use to renew your existing permit, enclosed is copy of application forms to be used. Electronic versions of these application forms can also be found in our Internet web site:
www.state.in.us/idem/oam/permits/permits.html.

Based on our permit data base, this mineral processing plant is subject to the Part 70 operating program under 326 IAC 2-7, and have been informed on January 27, 1998, to submit applications to fulfill this operating program. Other operating permits you can look into are: Federally Enforceable State Operating permit (FESOP) under 326 IAC 2-8 and Source Specific Operating Agreement (SSOA), under 326 IAC 2-9. Details of our various operating programs can also be accessed at:
www.state.in.us.idem/guides/permit/index.html.

As requested, copy of application forms have also been mailed to:
Unimim Canada, Ltd. No. 13-637 The Queensway, Petersborough, Ontario Canada K9J7J6.

If you have any questions on details of the different types of operating permits, or how to fill in the forms, please contact Ms. Iryn Calilung of my staff at 317/233-5692.

Sincerely,

Paul Dubenetzky, Chief
Permits Branch
Office of Air Management
