Revocation of R097-11796-00339

Dear Mr. VanMareen:

The Administrative Adjunction docket number 03-A-0160 State of Indiana, County of Marion, City of Indianapolis versus Med/ Dispose, incorporated d/b/a Statewide Medical Services, agreed on January 14, 2005, to permanently disable a Brookes DRB 800 batch incinerator and the packed tower pyrolysis system. The reason for this revocation request is that the batch incinerator and the packed tower pyrolysis system are no longer in operation and had been disabled as of July 2004. This information was confirmed by inspection by the Office of Environmental Services (OES) on October 8, 2003.

Pursuant to 326 IAC 2-1.1-9, any permit to construct or operate or any permit revision approval granted by the commissioner may be revoked for any cause that establishes in the judgement of the Commissioner the fact that continuance of the permit or permit revision approval is not consistent with the purposes of 326 IAC 2. Since the source is no longer in operation, the Registration is no longer required.

The Registration R 097-11796-00339, issued on February 3, 2000, is hereby revoked. Pursuant to IC 4-21.5-3-5(a) and (b), this revocation letter is effective in eighteen (18) days from the date of this letter.

If there are any questions about this revocation, please contact Mr. Warner Myron Waters at (317) 327-2282 or call (317) 327-2234.

Sincerely,

Original Signed By
